

Cultural Capital and Curriculum Enhancement

At St Charles, we view 'cultural capital' the accumulation of knowledge, behaviors, and skills that a person can draw upon, both now and in the future to help them be part of modern society, We ensure that children are exposed to a wide range of experiences that will develop their cultural capital and give them an advantage in later life.

Throughout my time in Foundation Stage and Key Stage One at St Charles, as a member of the school community, I will ...
